

Mobile Phone Insurance Policy Document

This is your mobile phone insurance policy for loss, theft, damage & breakdown. In this document you will find everything you need to know about your cover. Please read this carefully to make sure this policy is right for you and if you have any questions call us on 0330 156 6696. This policy constitutes an agreement between you and the insurer, Assurant General Insurance Limited (AGIL). The insurer has appointed Lifestyle Services Group Limited (LSG) to administer the policy. References to 'we/us/our' relates to Assurant General Insurance Limited and Lifestyle Services Group Limited.

Your cover starts immediately

You don't need to register your mobile phones for them to be insured. If you do need to make a claim you can provide us with all the details at that time, we will need the following information about your mobile phone to make a claim:

- make
- model
- IMEI number
- memory size (where applicable)
- colour (where applicable)
- telephone number

If you do want to provide this information now to help simplify any future claims, you can do so online at [Monzo-Assurant.com](https://www.monzo-assurant.com).

We may ask for evidence or contact the network directly to verify that the mobile phone was being used after the start date of this policy. If we are unable to confirm the mobile phone was being used, then we may decline your claim.

Proof of ownership

We will need to validate any claims by checking that the mobile phone belongs to you or a family member, to do this you will need to provide some form of proof of ownership that confirms the make, model, IMEI number and memory size where applicable of your mobile phone. This could be documentation from your network provider such as the original documents for your contract and/or a document showing that the mobile phone is being used by you on their network or a purchase receipt. If you don't have any proof of ownership, we may decline your claim.

Who is this cover designed for?

This policy will cover you or a family member if your device is lost, stolen, accidentally damaged or breaks down, including if it's faulty. We'll cover the cost of fixing the device or replacing it if the device isn't already covered by another insurance policy. When we say 'family member' we mean your partner or spouse living permanently at the same address, or a dependent child. A dependent child is one who is under the age of 20 or under 22 if in full-time education. You need to pay an excess for every accepted claim, details are in the "What you are NOT covered for" section of this document. You should consider this excess if you have a basic device to judge whether this policy meets your needs.

What you are covered for

This policy is for customers permanently residing in the UK and covers mobile phones owned by you or your family members up to a value of £2,000 (including VAT).

<p>Your mobile phone is covered for:</p> <ul style="list-style-type: none">• loss• theft• damage• breakdown <p>occurring anywhere in the world</p>	<p>If your mobile phone is damaged or breaks down, we will either repair or replace it. If your mobile phone is lost or stolen, we will replace it. Repaired or replacement phones can only be sent to a UK address</p> <p>If you are unable to provide the damaged or faulty mobile phone to support your damage or breakdown claim, then this will be classified as a claim for a lost mobile phone.</p> <p>Replacements This is not 'new for old' insurance, and replacement phones will come from fully refurbished stock (not brand new). Before we send any phones to settle a claim, we undertake a comprehensive checking process to ensure they are in full working order. All phones will come with a 1-year warranty. We will provide you with a mobile phone of the same make, model, and memory size, if we cannot do this you will be given a choice of models with an equivalent specification. We will try to provide one of the same colour but cannot guarantee this.</p>
<p>Unauthorised network charges (calls, texts, data etc.) are covered up to a maximum of £1,000</p>	<p>Following a successful claim for loss or theft, we will pay those charges incurred during the period between the moment the loss or theft occurred until 24 hours after you discovered it missing. For example, if your phone was stolen at 8am on Tuesday and you discovered it missing at 11am on Wednesday, you would be covered for charges made between 8am Tuesday and 11am Thursday, up to a maximum of £1,000 We will need copies of itemised bills for contract phones, or receipts showing purchase of top-ups on Pay as You Go phones to support these claims.</p>
<p>Accessories up to the value of £300</p>	<p>Accessories lost, stolen or damaged at the same time as your mobile phone are covered if your mobile phone claim was successful. If we cannot repair or replace your accessories with items of a similar specification, we will discuss an alternative settlement. An accessory is an item which is intended to be used with your device with the intent of protecting it or making it more useful, versatile or attractive e.g. case, screen protector, headphones, chargers, memory cards or Bluetooth headset. This is not an exhaustive list and is intended to provide examples of what we mean by an accessory.</p>

What you are not covered for

Excess	You need to pay a contribution of £75 every time you make a successful claim, this is the excess and must be paid before your claim will be settled. You can pay this by credit or debit card.
Additional Services	<p>We may be able to offer our additional repair and replacement services. Eligibility for these services will be determined by your chosen delivery address, availability of the make and model of your device and the time of day that your claim is accepted.</p> <p>If we are able to provide this service, it will carry an additional charge of £50 on top of your standard excess. The additional repair and replacement services are optional services which you are not required to take.</p>
Loss, theft, damage or breakdown because of not taking reasonable care of your mobile phone	<p>We expect that you will take care of your mobile phone, if you don't, then we may decline your claim.</p> <p>Taking reasonable care of your mobile phone means:</p> <ul style="list-style-type: none"> • Not knowingly leaving your mobile phone somewhere it is likely to be lost, stolen or damaged, just think would you leave your wallet or purse there? • If you need to leave your mobile phone somewhere then we expect you to lock it away out of sight if possible. If you cannot lock it away, then you must leave it with someone you trust or concealed out of sight in a safe place. • Making reasonable enquiries to find your phone if you think you have lost it. • If you sell your mobile phone make sure you use a protected payment service and wait for payments to clear before releasing it to the buyer <p>If you knowingly leave your mobile phone where others can see it, but you cannot, and it is then lost or stolen we may decline your claim.</p> <p>Some examples of claims we have previously declined due to reasonable care not being taken are:</p> <ul style="list-style-type: none"> • in a cafe or pub, you leave your mobile phone on the table when you go to the bar to pick up your drink instead of taking it with you • leaving your mobile phone on display in your car • leaving your mobile phone in the care of someone you don't know well • not using a trackable postal service should you need to send your phone anywhere • leaving your mobile phone on a bench in the changing rooms at the gym rather than taking it with you or locking it in a locker • intentionally damaging your mobile phone. <p>These examples are listed here to help you understand what's covered and are not the only reasons a claim could be declined.</p>

More than 4 claims in a 12- month period	<p>If you make 4 successful claims in any 12-month period, you will not be able to make any further claims for incidents that happen before the anniversary of when the first claim was made.</p> <p>The claims limit includes any claims made by the plan owner or family members.</p> <p>For example, if you make a successful claim on 1st January and a further 3 successful claims on 1st May, 1st June and 1st October you will not be able to make any further claims against this policy for incidents that happen prior to 1st January the following year.</p>
Cosmetic damage	<p>If it is just a scratch or dent, and your mobile phone still works as expected, then we will not repair or replace it. For example, a scratched screen would not be covered but a cracked screen would be covered.</p>
Contents of your mobile phone	<p>We don't cover the contents of your mobile phone (e.g. photos, videos, contacts). This also means that if any of the data or information stored on your phone is used to access any existing accounts or open new accounts through fraud, we do not cover any financial losses as a result.</p>
Other losses	<p>We don't cover any cost or losses that cannot be resolved by the repair or replacement of your mobile phone including for example: any loss of profit, opportunity, goodwill, loss of use of subscription services or similar losses.</p>
Any device that is not a mobile phone	<p>This policy is only for mobile phones. This means we only cover handheld devices that are primarily designed to make and receive mobile phone calls.</p> <p>This policy is not for tablet computers, smart watches or other wearable technology.</p>
Modifications	<p>If your mobile phone has been modified in any way, we will not cover the modifications that have been made.</p> <p>Modifications are anything that changes the way your mobile phone looks or operates from the original specifications. This includes things like adding gems, precious metals or making software changes such as unlocking it from a network.</p>
Unauthorised repairs	<p>We want the ability to assess the damage to your mobile phone in order to best decide whether to repair or replace it. If you have it repaired without our opportunity to do this then we may not pay your claim.</p> <p>This also includes any repair or modification which has not been authorised by the manufacturer if this causes your phone to stop working.</p>
Any incident prior to the start date of your insurance.	<p>This insurance policy begins the day you begin your Monzo plan which is confirmed in your Certificate of Insurance</p> <p>Any incident which would result in you needing to make a claim that happened before this date is not covered. We may ask for evidence or contact the network directly to verify that the mobile phone was being used after the start date of this policy.</p> <p>If we are unable to validate the mobile phone was being used, then we may decline your claim.</p>

Actions you will need to take on the loss or theft of your mobile phone

Tell your airtime provider as soon as you can	Report your phone missing so your network provider can block the SIM card to prevent it from being used by someone else.
Report lost and stolen mobile phones to the police as soon as you can	Sometimes mobile phones are found and handed in to the police. We will require a police crime reference number before we can assess any claim for theft.
Report it to the place you believe it has been lost in or stolen from	Often mobile phones are handed in so we expect you to make attempts to see if you can retrieve it and provide us with the details to support your claim.
Make reasonable attempts to recover your mobile phone	If your mobile phone has the functionality, activate any location finder app or software to help you in retrieving it (e.g. FindMyiPhone or FindMyDevice). This may also enable you to lock and wipe the data stored on it. Do not attempt to retrieve your mobile phone if you believe it to have been stolen or you are unfamiliar with the location. If you suspect it has been stolen, report this to the police.

How to make a claim

Please make sure you have read the “Actions you will need to take on the loss or theft of your mobile phone” section if relevant as this tells you what we may need from you in order to settle your claim.

Step One:	You should tell us about your claim as soon as you can after discovering the incident. You can do this by visiting our website monzo-assurant.com or calling us on 0330 156 6696.
Step Two:	We will walk you through the simple claims process and tell you what information you will need to provide for us to assess your claim. You may be asked to complete a claim form or provide additional information in order to progress your claim. This could be documentation from your network showing that the mobile phone was last being used by you.
Step Three:	You will need to pay your excess for every approved claim before we can arrange the repair or replacement of your mobile phone. Your excess can be paid by credit or debit card (We do not accept American Express cards or Diners Club cards).
Step Four:	If your claim is approved, we will either repair your mobile phone or send you a replacement. In the event of your mobile phone being lost or stolen we will blacklist the mobile phone to prevent it from being used.

What you need to know about the claims process

If your claim is for damage or breakdown and we need to provide you with a replacement, we will not be able to send you the replacement mobile phone until we have been able to confirm that any locking mechanism has been removed from your mobile phone (e.g. Find My iPhone).

Should the locking mechanism be reactivated by the time we receive it and we have already replaced your mobile phone we may take steps to recover the one we have sent you as part of your claim settlement. If we are attempting a repair to your mobile phone, it will delay your claim and it may be returned to you unrepaired for the locking mechanism to be removed.

- When sending in your device, please DO NOT send in your SIM or memory card, any other accessories or any other items that do not relate to the claim such as the manual or box as these will be destroyed. We are unable to recover and return these items.
- When your device is received all remaining data will be erased as part of the claims process, you should back up any data where possible before sending in your device for repair.
- Repairs will be made using readily available parts, or we may provide remanufactured products. These may contain parts that are of similar or equivalent specification, and these may include unbranded parts. This policy is provided in addition to any manufacturer’s warranty that applies to your mobile phone (“applicable manufacturer’s warranty”). Nothing in this policy is intended to affect your rights under the applicable manufacturer’s warranty or your statutory rights.
- If any lost or stolen mobile phones are recovered after the claim is approved, they shall become the property of the insurer and must be returned to us immediately. Damaged mobile phones and accessories, parts and materials replaced by us shall become the property of the insurer.

- In some instances, we may arrange to deliver your replacement mobile phone at the same time as collecting your damaged mobile phone. If you return a mobile phone or item other than the insured mobile phone, we will take action to recover the replacement mobile phone or block the replacement handset to prevent it from being used and/or recover the cash value. The action taken will be at our sole discretion.
- Where we receive any mobile phone as part of a claim that is manufactured in a way to resemble items made by another company in breach of any trademark or copyright laws, or mobile phones that are created by using parts from a number of different phones we will return it to you unrepaid, the claim will be declined and any excess paid will be returned.

Fraud

We do not tolerate any aspect of fraudulent activity. We work closely and share data with other insurers, law enforcement agencies, fraud prevention agencies, public bodies and airtime providers to identify fraud and support prosecution where appropriate evidence exists.

If we determine, at our sole discretion, that you are engaged in or are connected to fraudulent activities or pose a risk that exceeds our risk appetite, we reserve the right to share this information with Monzo. This will deem you ineligible for the insurance, and Monzo will/may cancel your plan accordingly. Alongside this we also reserve the right to share your details with our other providers with a recommendation to cancel any other active policies.

We, and other organisations, may access and use the information recorded by fraud prevention agencies, from both the UK and from other countries. It is important that when applying for insurance or submitting a claim you or anyone acting on your behalf must take reasonable care to answer all questions honestly and to the best of your knowledge. Failure to do so may affect the validity of your policy or the fulfilment of your claim.

If false or inaccurate information is provided and fraud is identified, then we will:

- Reject the claim.
- Monzo may/will cancel your plan.
- Report you to relevant authorities and take legal action, if necessary, to recover any money already paid to you under this insurance policy.
- Pass the details on to your bank; network or our distribution partner providing this service as part of a wider offering.
- Share details of the fraudulent claim with several industry wide fraud prevention databases. A list of participants and the name and address of the operators are available on request.
- Pass details to fraud prevention agencies.
- Provide law enforcement agencies with access to use this information.

We and other organisations may also access and use this information to prevent fraud and money laundering, for example, when:

- Checking details on applications for credit and credit related accounts or facilities.
- To prevent and detect fraud.
- Managing credit and credit related accounts or facilities.
- Checking details on proposals and claims for all types of insurance.
- Checking details of job applicants and employees.

We and other organisations may access and use from other countries the information recorded by fraud prevention agencies. Please contact us at 0330 156 6696 for details of the relevant fraud prevention agencies.
